

AZKOYEN VITRO X5

Bean-to-Cup Coffee Machine

DOUBLE THE COFFEE DOUBLE THE PLEASURE

The Vitro X5 provides a consistent high quality espresso coffee menu which satisfies the most demanding consumer tastes whilst increasing your menu selections without any effort. Either you provide a light/ dark roast, upmarket coffee blend or decaf; Double Bean means to double your machine coffee offering – a boost to coffee personalisation.

The Vitro X5 single cup brewing machine is made of quality noble materials (stainless and glass) which provides a contemporary premium looking design that will fit in any environment. Additionally, the machine is easy and quick to maintain, leaving you to focus on what's more important – your business!
