

SUPERIOR CLASSIC

Filtered Water Dispenser

The Superior Classic has a removable silver drip tray, hot, cold and ambient taps, an integrated chiller and included water bottle.

- ✓ Convenient - Dispenses hot and cold water available immediately!
- ✓ Caters to more people – Bigger reservoirs, cools and heats faster, caters to more usage
- ✓ Great Control - Analog push-button faucets
- ✓ Saves Money and Hassle-Free – No more ordering and lifting of heavy bottles. Saves thousands of dollars compared to conventional dispenser-bottle ordering.
- ✓ Great Tasting and Healthy Water - 5 Stages of filtration and retains health minerals.
- ✓ Safety - Burn prevention function
- ✓ Saves Space – Stands on its own, no counter required
- ✓ Designed and Made in Korea by Hyundai Wacortec Company Limited and received several quality marks and certifications
- ✓ Has separate switch for Hot water
