

WATER LOGIC WL7

Water Dispenser

Stylish design, high-tech features and a plentiful source of ice-cold purified water

Unrivalled performance from the world-class point-of-use (POU) water system.

This advanced POU water purification system combines refined engineering and high-tech features in a robust and reliable machine. The WL7 Firewall™ (WL7 FW) can dispense up to five varieties of water, including a large volume of refreshing, ice-cold sparkling water. Ideal to satisfy all the hydration needs of even the busiest workplaces.
